**PRESIDENT'S MESSAGE**

As I am writing this, we are all feeling the effects of COVID-19. We were very lucky with the timing of our state convention, which allowed us to proceed before the statewide shutdown. I am very thankful and grateful for the overwhelming support of our convention during those uncertain times. We were able to host taxidermists from 20 states and Canada. It was nice to see old friends, and to make new ones, as well as see some faces that I had not seen for some time. It was also nice to see everyone interacting and having a good time, particularly at our corn hole tournament/pizza party. We had an excellent group of judges, seminars, and over 30 vendors for our members. We had also seen a significant rise in competition pieces from the previous year by nearly 30%, as well as gained 36 new members. We were also able to come together as a taxidermy family and help one of our members in need. With an overwhelming outpouring of generosity, we were able to donate approximately \$9,000 to the Zimmerman family. Thank you again for everyone's contribution to make our 41st state convention a success.

As many already know, we will be moving our state convention to a new location next year. The board and officers have been working toward this move for the past several years. We are pleased to announce that after scouring the state with many site visits and many many discussions we will be moving to the Kovalchick Convention and Athletic Complex in Indiana Pennsylvania. We feel that this is the best fit for our organization financially as well as for our members. It is a beautiful modern location with plenty of room for our convention to grow. It is also in a college town that offers our members many choices in regard to hotels and restaurants in the immediate area. There will also be concessions available in the Kovalchick Complex, so if our members choose they will not have to leave the facility. We are excited to begin a new chapter in the history of our state convention and hope that you will join us for the 42nd state convention at the Kovalchick Complex on February 25, 26, and 27th 2021.

Normally at this time of the year I would be discussing the details of the upcoming Cabela's show, however I regret to inform our members that we will not be able to have our Cabelas show in 2020 and possibly into the future as well. With Bass Pro recently acquiring Cabela's there are many changes taking place. After speaking with their management, the space that we generally utilize will be remodeled in June. It was brought to our attention that there may not even be a space for us to utilize moving forward. With COVID-19 upon us, their remodeling timeline is also in jeopardy. We have decided with so many unknowns in the future for this venue we will not be able to proceed for 2020. Logistically, with so many variables, we would not want to jeopardize our organization with a financial loss due to the potential lack of organization.

As always we are continuing to work toward improving our organization and growing it into the future. If anyone has any input or suggestions please feel free to contact myself or any of the board members and officers.

Sincerely,  
Vince Spellane

## General Membership Meeting – March 14, 2020 – Seven Springs, PA

Board Members Present – Bob Evans, Vince Spellane, Crystal Confer, Ray Kowalski, John Czerniakowski, Heather Miller, Ashley Barrett, Jamie Cameron, Chad Horst, Bob Gray

Board Members Absent – Jens Jorgensen

### • PA State Show

- This is our last year at Seven Springs.
- We have looked at around 45 locations. The biggest barrier that we came across was finding a big enough space within a cost range that the association could afford.
- The 2021 show will be held at the Kovalchick Center in Indiana, PA. This location will give our members options for hotels and dining. There will be a food vendor set up at the center so that you don't have to leave the center for food if you don't want to.
- The show will take place the last weekend of February and will start on Thursday.

### • Treasury Report - John Czerniakowski gave a report. We have over \$25,000 in a reserve account. In total, we have around \$35,000 in the bank coming into the show.

### • 2021 Judges - Verbal Commitments from - Cory Caruthers - Birds, Mike Rohanna - Whitetail, Jason Krause - small mammals, Josh Hunt - large mammals, Matthias Fahrni - fish, Hutch - Habitat

### • Hands-On Seminar - We would like feedback on the hands-on seminars.

- A new member was interested in it, but didn't want to miss out on the other seminars since it was her first year.
- A suggestion was doing a shorter one and having it start at 7:00 am - 8:00 am one morning and only lasting the morning.
- We have talked about offering hands-on seminars throughout the year rather than just at the state show.

### • Silent Auction for Matt Zimmerman - Ray gave a brief overview of the silent auction that is out to support the Zimmerman family.

### • Seminars

- It was asked if we have thought about having a seminar videoed and projected while it's happening so that everyone at the seminar can see what is going on. It has been tried, but with the lights on it is hard to see on the screen. There may be more options for this at the Kovalchick Center.
- Having a business seminar that the members leave having a plan in place for themselves. This may potentially be in the summer.
- Could there be more time allotted for the business seminar in the future? The schedule is very full so it is hard to make it longer.
- Suggestions: In-house tanning, a basic business seminar and an advanced business seminar, a roundtable business session where there are multiple people available for questions and answers and discussion, advertising (what has worked and hasn't worked, how to make the most of social media), habitat, children's seminars that are more hands-on, taxidermy based

### • Number of show pieces this year is 180 pieces. We are up from last year's number.

### • Volunteers - Volunteers are always needed. If you are willing to volunteer during the state show or any other time, please let a board member know.

### • Getting Information Out During the Show

- One member felt there was less interest in the vendor cash raffle this year. He wasn't sure if it was lack of knowledge or something else.
- Some members didn't realize that there was a cutoff time on the cornhole sign-up.
- One of the board members also noticed that people weren't aware of some of the things going on during the show.
- A thought for next year is having an introduction at each seminar stating what all is going on.
- Another thought is having an informational session on the first day letting members know what all is going on.
- At the Kovalchick Center there will be tvs throughout the building that we can use for announcements.
- Emailing out/posting on Facebook a list of items such as vendor tickets, raffles, auctions, cornhole tournament, etc.

### • Cornhole - There was a recommendation to have some type of fundraiser during the cornhole tournament. The board had talked about it and wanted that time to be just for socialization. If members are interested, we would consider doing it next year. One member stated that he enjoyed not having a money maker during that time.

### • Board Meetings - All members are welcome to attend board meetings.

Meeting adjourned at 9:18.

**From the cover . . . A huge THANK YOU to our 2020 Judges!**  
**Greg Pollauf from Oregon, Ohio receiving his Best of Show from the Judges**  
(Carolyn Brak-Dolny, Tim Gorenchan, Clint Rickey, Kent Stryker, Paul Czarnecki; Absent - Ken Zimmerman)

## THE WORLD'S LEADING TAXIDERMY MAGAZINE

I just got my first issue of BREAKTHROUGH! WOW! What an incredible magazine! It certainly lives up to everything I've heard about it.  
—JEFF

This magazine will really open your eyes to the spectrum of taxidermy. The competition mounts will inspire you to "be all you can be."  
—STEVE IN GENEVA

Subscribe to BREAKTHROUGH A-S-A-P! Every issue is a keeper, and it is a great introduction to the taxidermy world.  
—NANCY CROCKER

If you haven't already done so, get a subscription to BREAKTHROUGH. This magazine is extremely helpful, and I couldn't do without it.  
—EVELYN MILLS

If you were to save every issue and some day decide to sell them, there will be a line waiting to buy them. I would rather put my money in BREAKTHROUGH and get the knowledge of other taxidermists, than leave it setting in the vault.  
—RANDALL WAITES

BREAKTHROUGH is the best way to go!  
—FRANK KOTULA

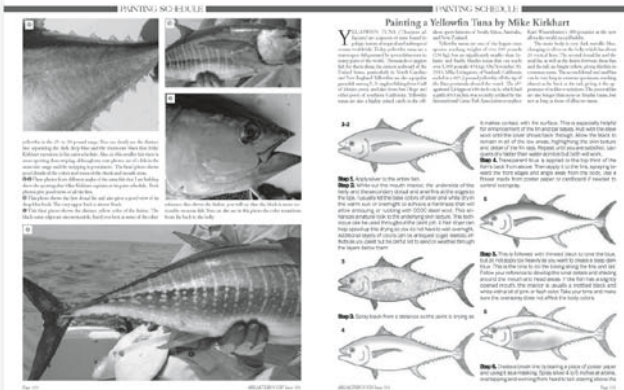

BREAKTHROUGH is all how-to, and the photography is spectacular. If you can only afford one, this is the only one to get!  
—GEORGE ROOF

I have learned more from BREAKTHROUGH than from any other source. I am a full-time taxidermist and read every ad. These advertisers pass along a lot of info.  
—ROGER

BREAKTHROUGH continually motivates us to maintain quality and artistry as we increase in clients.  
—STEVE AND DORIS CHOPMAN

**Every issue is JAM-PACKED with the newest, most innovative taxidermy techniques, featuring step-by-step articles written by the nation's TOP taxidermists!**

- Step-by-step techniques for birds, fish, mammals and reptiles
- Color paint schedules
- Detailed reference photography
- Major competition coverage
- In-depth wildlife studies
- Artist profiles
- Articles on finishing and restorations
- Features by leading taxidermists
- Professional photography, illustrations and diagrams
- Over 100 taxidermy-related companies advertising goods and services
- Industry news and events

# Member Spotlight

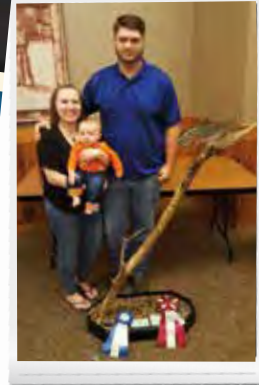

**DYLAN  
DOWEY**

*I only entered one deer that year and received a third place ribbon in the professional division, but the knowledge I left with and the desire I had to improve my work was worth more than any ribbon I could have received.*

Hello, my name is Dylan Dowe, owner of Dowe's Taxidermy. I have been a part-time taxidermist for nine years now, but did not join the association until 2019. Growing up I always found myself looking at mounts anywhere I went that had them. I could always tell between quality mounts and mounts that did not look that great. This led to a desire of wanting to learn what all went into a quality mount, and boy did it turn out to be more than what I thought! With only needing three credits to graduate high school going into my senior year, I spent most my days in the school library and being a student aid for my ag teacher. After discussing with him my desire to go to school for taxidermy, and already in contact, and knowing what school I wanted to go to, The Pennsylvania Institute of Taxidermy, he approached the school board about letting me start school before graduation, and so it happened. In April I started taxidermy school Monday thru Thursday, and spent Fridays at my high school catching up on work.

After graduating taxidermy school with the basic understanding of taxidermy I started my own business in hopes of going full time. This ended up being a slow process for myself and I began to get bored with taxidermy and was slowly doing less and less. Then in the fall of 2019 I seen a jump in business and a new fire was lit. I decided to join the association and attend my first state taxidermy competition. This was a real eye opener for me to the world of competition taxidermy, and all the perks of belonging to an association. I only entered one deer that year and received a third place ribbon in the professional division, but the knowledge I

left with and the desire I had to improve my work was worth more than any ribbon I could have received. I decided at that point if I wasn't able to go full time with taxidermy I still wanted to learn how to produce an outstanding mount.

I have always had a love for fishing, and the challenge to produce a quality fish mount was where my interest was. After seeing Frank Kotula's tiger trout at the 2019 state competition, it inspired

me to really take a look at my fish and improve them. I entered a skin mount rainbow trout at the Cabela's competition later that year and received a second place, and a reproduction brown trout at the state competition this year and received a second as well. I left each competition with more knowledge on how to improve my work, and got to meet some really nice people that I look forward to seeing at each competition.

Nothing is possible without God, and the support of family and friends. I owe a lot to my wife and son who deal with not seeing me very much from an already demanding full time job and a growing taxidermy business as well. My wife even let our first wedding anniversary be spent at Cabela's! Talk about love.

As everyone who is reading this probably already knows you cannot beat the connections and friendships you will make by joining the PTA. My only regret is that I didn't get involved nine years ago. Just makes me wonder what level my work would be at now! I hope everyone is being safe and healthy and by the time this gets published COVID-19 will be a thing of the past. Look forward to seeing everyone at the 2021 state competition.

# Member Spotlight

## SCOTT WILSHIRE

*If you have not done so,  
I highly recommend  
entering something.  
Being critiqued by some  
of the best and getting  
the opportunity to learn  
from them is priceless.*

Hello, my name is Scott Wilshire and I opened Wilshire's Taxidermy in 2008. We live in Cranberry, PA in Clarion County. The first couple years I worked part time while driving truck, but eventually was able to do this full time and I love it. I love the time it gives me at home with my wife, Jess, and our daughter, Morgan. Jess and I have been married for almost 16 years. Morgan just turned one in December 2019 and keeps us busy. She's starting to talk and really showing her personality (I think I'm going to be in trouble as she gets older!). We love to go camping and doing activities outside. I can't wait until Morgan is older and we can teach her to hunt and fish. My wife and I always argue over who harvested the biggest buck, and I enjoy spending time with my dad and uncles during the seasons. We look forward to sharing these memories and traditions with Morgan.

Coming from a family of outdoorsmen, one of the

things I enjoy most about the industry is the opportunity to bring trophies back to life for my clients and enabling them to preserve their memories. The artistic side of the business definitely doesn't get enough recognition.

I joined the Association in 2015 and started going to the state show that year. The information and knowledge you learn not only in the seminars but just by talking to others in the industry is invaluable. The first year I attended, I did not enter any pieces and just went to take it all in. After that, I've entered at least one competition piece every year. If you have not done so, I highly recommend entering something. Being critiqued by some of the best and getting the opportunity to learn from them is priceless.

I want to thank the Association and board members for working so hard to make the shows a success and something we can all take advantage of and enjoy.

#### Diamond Level - \$1,000

- McKenzie Supply
- Tohickon Glass Eyes

#### Silver Level - \$500

- Head Quarters Taxidermy Supply
- The Wildlife Gallery

#### Bronze Level - \$250

- Payer Eyes
- PRO-1 Performance Chemicals

***Our show would not of been successful without the support from ALL these folks!***

# Pennsylvania Taxidermist Association, Inc.

## Board of Directors Meeting – March 15, 2020 – Indiana, PA

**Board Members Present** – Vince Spellane, Ray Kowalski, Jens Jorgensen, Ashley Barrett, Bob Evans, Bob Gray, Heather Miller, Chad Horst, Crystal Confer, John Czerniakowski, Jason Confer, Jason Krause

**Board Members Absent** – None

**Guests** – Dan & Becky Snyder, Patti Czerniakowski, Dee Carley

The meeting was called to order at 9:17 am.

- **The treasurer's report was presented by John Czerniakowski.** John went through the revenue and expenditures from January 16, 2020 through March 9, 2020. Checking Account total - \$33,892.21, Savings Account total - \$25,048.52. We currently have a total of \$58,940.73. We need to reserve \$1452.20 for legal funds, \$1267.00 for PTACT, and \$65.00 for Camp Compass out of the funds we have. Jason Krause motioned to send \$65 to Camp Compass and to accept the treasurer's report. Ashley seconded. Passed unanimously.
  - **Cabela's**
    - > Bob is still waiting to hear on the dates of their remodeling to see when we could have our show. We will make a decision by April 15th.
    - > Sponsorships for awards are in place.
    - > Judges are being worked on.
  - **State Show**
    - > 2020 State Show
      - We received a lot of positive feedback on our show from vendors and members.
      - Live feed on Facebook - We discussed the impact of live feed video in the competition room prior to pieces being judged. Nobody should be doing live feeds in the competition room before ribbons are placed and they shouldn't be doing close ups. We are going to create a guideline document for posting on social media.
      - Profits:
        - General Raffle - \$800; Public Viewing - \$395; Envelope Game - \$639; Heads and Tails - \$160
      - Judges - Paid out \$6701.20 total for judges fees and travels. The average cost for a judge was \$1100.00. The average cost for the judges based on the competitive piece entered was approximately \$37.00 per piece entered.
      - Spent close to \$5000 on ribbons and awards.
      - Pizza party at the cornhole tournament cost \$1199.05.
    - > 2021 State Show
      - There was discussion on whether or not we should have premium vendor spots which would cost more to reserve than a regular vendor spot. These spots would be right inside the door and at the ends of rows. We think that we need to wait until after the first year at our new location to see how the vendor room will be laid out.
      - We discussed ways to pull in the local community. One idea is having an art show that they can enter and they would just get a People's Choice award. It would just be up during the public viewing time. Becky will gather the information from when they did something similar at the Altoona show years ago.
      - Seminars
        - 2 Business seminars
        - Suggestions from members: airbrushing, taking photos of mounts, predator mounting, in-shop tanning methods, hands-on competition detail, carcass casting, mounting birds, mounting big game, form alterations, turkey seminar, how to use social media, roundtable discussion with people representing different aspects (beginner taxidermist, advanced taxidermist, advertising, etc)
        - Children's Seminars - We are going to try to work on the seminars being more taxidermy related. Jason Confer is going to set these up. Ideas: setting eyes on changeout heads and using eyes to show expression, painting replicas realistically.
      - Judges - Verbal Commitments from - Cory Caruthers - Birds, Mike Rohanna - Whitetail, Jason Krause - small mammals, Josh Hunt - large mammals, Matthias Fahrni - fish, Hutch - Habitat
      - Our schedule will have to be adjusted because we will not have Wednesday to set up.
      - Contracts are signed with Kovalchick and the hotel. We are going to look into a multi-year contract with the Kovalchick Center.
      - President's Challenge Cup - Theme: "Snow and Ice".
  - Policies and Procedures need updated.
  - **Convention Coordinator** - It was recommended that this position get broken into committees due to the amount of work that is involved.
  - **Great American Outdoor Show** - We are not going to pursue this show for next year.
  - **Winnie Palmer Nature Reserve** - We could do a mini class for the members and at the same time a public interest event if we do it at the reserve. We are going to try to set a date for this summer.
  - **Trailer** - The person that hauls the trailer will continue to do so once we move to the Kovalchick Center. The trailer does need inspected and needs a new battery. Jason Krause motioned for Hutch to get the trailer inspected and buy a new battery for it. Bob Evans seconded the motion. Passed unanimously.
  - **PTA Website** - Schuan Mack will be assisting Heather Miller to keep the website updated
  - **PTA Facebook Page** - We have been working on trying to post something every day to keep the interest in our page. We are going to look into setting up an Instagram account and linking it to our Facebook page.
  - **Committee Reports**
    - > Raffles & Merchandise - Ray Kowalski and Bob Gray will continue to be the co-chairs.
    - > Elections - 39% of the ballots were submitted this year. Ray Kowalski will continue to be the chair.
    - > Security - Vince Spellane will continue to be the chair.
    - > Setup Committee - Bob Evans will be the chair.
    - > Convention Balloting - Kim Kowalski will be the chair.
    - > Cabela's - Bob Evans will continue to be the chair.
    - > Backboards - Hutch will continue to be the chair.
    - > Camp Compass - Jason Krause will be the chair.

JULY / AUGUST / SEPTEMBER 2020

# Member Spotlight

**BRANDYN  
SCHIMPF**

*“ I continue to look forward to being a member of the PTA, ”  
I am thankful for all the opportunities it has brought, and all the friends it has made.*

My Name is Brandyn Schimpf, I am 19 years old and I live in Landingville, Schuylkill County PA. I am honored to carry on the tradition from my father, and have been hunting since the age of 8. Hunting and Fishing has truly formed me into the young man I am today. As a former cyber school kid, I have spent many days standing in the creek, and all day tree stand sits during the rut. My passion for hunting and fishing has spread and created my passion for Taxidermy. I attempted my first piece when I was 16 years old, and haven't stopped since. I am thankful that I became involved with the Association that same year. I have attended all shows since then. I am very thankful for the seminars that I have attended, which I feel have given me a major jump step in the right

direction. The opportunity to compete has also been a great opportunity. Hearing the critique from the judges is a great way to Improve.

I am currently leaping full force into the industry, I am committed to being successful in this industry. I am in the process of a full remodel to suit a full time Taxi Service. I am slowly gaining reliable clients who I am making great relationships with. I favor mounting game heads, but I also enjoy mounting predators, and painting replica fish. I am also mounting waterfowl, but not for clients at this time. I continue to look forward to being a member of The PTA, I am thankful for all the opportunities it has brought, and all the friends it has made. If anybody has any opportunities for me, please reach out @ 570-449-5668
